4 a resolution of the board of directors of the corporation that  
5 designates individuals registered under this chapter as responsible for

7 provides that full authority to make all final architectural decisions  
8 on behalf of the corporation with respect to work performed by the  
9 corporation in this state shall be granted and delegated by the board  
10 of directors to the individuals designated in the resolution. The  
11 filing of the resolution shall not relieve the corporation of any  
12 responsibility or liability imposed upon it by law or by contract; and

13 (c) A designation in writing setting forth the name or names of the  
14 person or persons registered under this chapter who are responsible for

17 be designated in writing and filed with the board within thirty days  
18 after the effective date of the changes.

19 (2) Upon the filing with the board of the application for  
20 certificate of authorization, the certified copy of the resolution, and  
21 the information specified in subsection (1) of this section, the board  
22 shall authorize the director to issue to the corporation a certificate

24 determination by the board that:

25 (a) The bylaws of the corporation contain provisions that all  
26 architectural decisions pertaining to any project or architectural  
27 activities in this state shall be made by the specified architects

11 professional records of the designated person or persons who are

17 to professional competence in the furnishing of architectural services  
18 as may be established and promulgated by the board in furtherance of  
19 the purposes of this chapter; and

20 (f) The applicant corporation is possessed of the ability and  
21 competence to furnish architectural services in the public interest.

22 (3) Upon recommendation of the board, the director shall refuse to  
23 issue or may suspend or revoke a certificate of authorization to a

30 architects each registered under this chapter, applies for a

1 certificate of authorization, the board may, in its discretion, grant  
2 a certificate of authorization to that corporation based on a review of  
3 the professional records of such incorporators, in lieu of the required  
4 qualifications set forth in subsections (1) and (2) of this section.  
5 In the event the ownership of such corporation is altered, the

7 based upon the professional records of the owners if exclusively  
8 architects, under the qualifications required by subsections (1) and

15 this chapter.

16 (6) Any corporation that has been certified under this chapter and  
17 has engaged in the practice of architecture shall have its certificate  
18 of authorization either suspended or revoked by the board if, after a  
19 proper hearing, the board finds that the corporation has committed  
20 misconduct or malpractice under RCW 18.08.440. In such a case, any  
21 individual architect registered under this chapter who is involved in  
22 such misconduct is also subject to disciplinary measures provided in  
23 this chapter.

25 connection with work performed by a corporation under its certificate  
26 of authorization shall be prepared by or under the direction of the  
27 designated architects and shall be signed by and stamped with the  
28 official seal of the designated architects in the corporation  
29 authorized under this chapter.

1 (8) For each certificate of authorization issued under this section  
2 there shall be paid a certification fee and an annual certification  
3 renewal fee as prescribed by the director under RCW 43.24.086.

4 (9) This chapter shall not affect the practice of architecture as

20 dissent described in chapter 23B.13 RCW (~~((23A.24.040))~~) and has made  
21 written demand on the corporation for payment of the fair value of such
